RE: 2017 Dairy Day Cattle Show Information

CC: Gary & Amy Dammen; Craig Kamholz

Enclosed are guidelines and entry information for the 2017 Green County Dairy Day Cattle Show. This year's show is hosted by the community of Argyle and will be held **Saturday, June 17, at the Green County Fairgrounds in Monroe**. If you wish to exhibit any dairy animals at this show, please register **by June 1, 2017**. Please register online through the following link: <http://bit.ly/2mPA6S9> If you are not able to register online, please return the enclosed form to the UW-Extension office **by June 1, 2017**.

This year, participation is open to youth in and outside of Green County. All exhibitors must be a minimum of 3rd grade and maximum of age 20, as of January 1, 2017. Exhibitors must also be a member of a youth organization (4-H, FFA, or another youth organization having adult leadership and an educational program).

Exhibitors in grades 3-6 as of January 1 of the exhibit year (excluding Cloverbuds) can exhibit **one or two animals**. Members in grades 7 and over as of January 1 of the exhibit year will be allowed to show a **maximum of three animals**. **There are NO alternate entries**. Health rules are also enclosed. For more specific rules and cattle health regulations, please refer to the 2017 Green County Fairbook at <http://www.greencountyfair.net/pageserver/fairbook>.

State health regulations require that **ALL** dairy animals that are exhibited at cattle shows in Wisconsin **MUST** be accompanied by some type of identification. This can be in the form of registration papers, a tattoo from a breed association, metal WI ear tag, or any herd tag. It's against State Health Regulations to bring animals to Dairy Day or the Green County Fair that are infected with ringworm, warts or mange. Any cattle found with ringworm, warts or mange will be removed from the premises and not allowed to show! Health Regulations are posted on the Green County Fair website.

Animals can only be unloaded and checked by a veterinarian between 7:30 and 9 AM. All animals must be checked by a veterinarian no later than 9:00 AM. **Exhibitors must also check in at the registration table and show registration papers in the JMB Showbarn by 9:15 AM!** Exhibitors will receive a complimentary t-shirt at this time.

The show will take place in in the JMB Showbarn with the Registered Holstein classes being shown in the south end and all the other classes shown in the north end of the building. Judging will start at **9:30 AM** beginning with showmanship. There is no pre-registration for showmanship, however, please check and make sure you enter your cattle in the correct classes on the enclosed entry form.

NOTE: All Exhibitors are REQUIRED to help with clean-up. All manure and wet feed should be thrown in the manure spreader or designated area. Exhibitors will be responsible for hauling home all of their straw and unused feed. Super sacks will be provided to help remove all of your feed and bedding to your trailer.

All Green County Fair Rules apply to Dairy Day. **REMEMBER:**

- **Vet Check is REQUIRED prior to tying animals. Vet Check will run from 7:30 AM to 9:00 AM.**
- Animals must receive a barn pass from the vet before entering and being tied in barn 6. (Tri-County Dairy Barn will only be used if more space is needed.)
- Youth can enter or show up to two registered managerial animals for Dairy Day.
- Registered animals owned by the exhibitor must be transferred and in their possession by May 1, 2017.
- Original registration papers are needed at check in at the show. Faxed copies will not be accepted unless the breed association faxes the paperwork to the UWEX Office prior to the show!
- Dairy Cattle Class listings are in alignment with Green County Fair Dairy classes. Please take time to read and make sure you are entered correctly.
- Classes may be combined based on final entries.

All exhibitors, friends and relatives attending the cattle show must enter the fairgrounds through the East gate. Please note that there may be other events going on at the fairgrounds on the day of the cattle show, and that all vehicles attending the Dairy Day Cattle Show should park north of the Fairgrounds road. After unloading, all trucks and trailers should park around or near the swine barn. Event hosts are working on plans for a food stand on the grounds with further details coming in early June.

PARKING IS NOT ALLOWED SOUTH OF THE FAIRGROUNDS ROAD!

37. Grade **Other Breeds** Fall Yearling Heifer (born between September 1, 2015 and November 30, 2015)

** Registered Holstein exhibitors may show in only one registered Winter and Fall Heifer calf class.**

DANISH JUDGING: The host community will set the cash premium levels which will be announced closer to the show date.

2017 Veterinary Check-in Procedure!

- Ø All cattle will be required to be inspected by a veterinarian immediately after unloading and prior to being tied into their stalls.
- Ø Vet inspections will be conducted at the north end of JMB Showbarn from 7:30 AM to 9:00 AM.
- Ø Exhibitors are not allowed to unload their animals on the grounds prior to 7:30 AM on the show day.
- Ø Exhibitors can unload their animals anywhere on the **north** side of the main road.
- Ø After unloading you must immediately walk your animals to the Vet Check-in Area on the North end of the JMB Showbarn. Exhibitors are not allowed to tie their animals on the grounds before taking them through the Vet Check Area!
- Ø After the Vet inspection exhibitors will receive a "Vet Pass" that must be presented to volunteer grounds personnel before entering the cattle tie areas in Barn 6.
- Ø Exhibitors will also need to pick up their back tags, t-shirts and check-in their papers at the registration table located in the JMB Showbarn between 8 AM and 9:15 AM. Please inform show management of any scratches when checking in.
